PROFILE

Highly motivated and results-driven Frontend Developer. Adept at developing innovative and practical solutions to complex problems, consistently exceeding project goals and client expectations. Skilled In Creating responsive and attractive UI and a strong ability to adapt to evolving trends and technologies.

PROJECTS

Personal portfolio
This is a concise collection of work samples that visually demonstrates my skills, achievements, and expertise in Frontend Web development.
Skill used HTML, CSS.

ARC
Arc is interior desired website, which provides following services like Residential design, hospital design and many more services like that.
Skill used HTML and vanilla CSS.

BLACK-JACK
This is a prototype model of Casino BlackJack game. In this, I have used HTML, CSS and Javascript.
In our game prototype we have not considered dealer. we just let the user start game with 2 cards and if cards sum is 21, he won the game and if the sum is less then 21, he gets another chance to draw a new card and if the sum exceeds 21 , he will loose the game.

INTEREST

Playing Video Games
